

GENERAL COVID-19 VISITATION GUIDELINES

We are very pleased to welcome you to the Berlin TV Tower with its observation deck and the world-famous revolving restaurant Sphere!

From November 15, 2021, the **2G rule** will apply to visits to the Berlin TV tower.

That means that only people who have "recovered" or are "fully vaccinated" may be admitted. Official evidence must be submitted for this. The 2G obligation does not apply to people under 18 and people who cannot be vaccinated for medical reasons.

At the entrance, please show one of the following documents:

- **Vaccinated:** Vaccination certificate digital (e.g. Cov-Pass app) - valid from the 15th day after the second vaccination.
- **Recovery:** a doctor's certificate of a PCR-confirmed infection (at least 28 days old, not older than 6 months).
- *between 6 and 18 years:* negative test result, not older than 24 hours.
- *in the event of inability to vaccinate:* proof by means of a medical certificate, and additionally negative test result, not older than 24 hours.

We do everything for your safety - please help protect other guests and our employees and follow the generally recommended hygiene rules.

We kindly ask for your understanding ...

... that you may only enter the tower wearing a **mask** covering mouth and nose!

... that we keep record of the **contact details** of all visitors, to allow the tracing of infection chains if necessary. We use the app "LUCA" to do so.

Please do not plan a visit if you are suffering from acute respiratory disease or are among the at-risk groups.
