

# GENERAL COVID-19 VISITATION GUIDELINES

From March 4, 2022, the **3G rule** applies to visits to the Berlin TV tower.

3G means you have to be fully vaccinated or recovered or tested. You are fully vaccinated from day 15 after the second vaccination. You have recovered 28 days to a maximum of 3 months after a positive PCR test. A negative test evidence is valid for 24 hours.

**Please have a suitable proof ready at the entrance.**

- **Vaccination, recovery or test certificates are required, as well as the comparison of personal data with a personal document (ID).**
- Children under the age of 18 must show a negative test.
- Special cases: Children up to 6 years do not have to present anything.

We do everything for your safety – please help protect other guests and our employees and follow the generally recommended hygiene rules.

**We kindly ask for your understanding** that you may only enter the tower wearing a **mask** covering mouth and nose.

Please do not plan a visit if you are suffering from acute respiratory disease.
